It features an ensemble cast that includes Florence Pugh, Harry Styles, Wilde, Gemma Chan, KiKi Layne, Nick Kroll, and Chris Pine. In the film, a young wife living in a 1950s company town begins to believe there is a sinister secret being kept from her by the man who runs it.

What is the story of Dungeons & Dragons Honor Among Thieves?

In the 1950s, Alice and Jack live in the idealized community of Victory, an experimental company town that houses the men who work on a top-secret project. While the husbands toil away, the wives get to enjoy the beauty, luxury and debauchery of their seemingly perfect paradise. However, when cracks in her idyllic life begin to appear, exposing flashes of something sinister lurking below the surface, Alice can't help but question exactly what she's doing in Victory.[Dungeons & Dragons Honor Among Thieves | Movie Details](#)

"Dungeons & Dragons Honor Among Thieves" is a 2023 Science Fiction movie directed by Stephen E. Rivkin and starring by Sam Worthington, Zoe Saldaña. Set more than a decade after the events of the first film, learn the story of the Sully family (Jake, Neytiri, and their kids), the trouble that follows them, the lengths they go to keep each other safe, the battles they fight to stay alive, and the tragedies they endure.

The only way to get her back is to steal her away in the middle of a blood-and-bread gladiator/labyrinth/Hunger Games event that Forge is putting on in order to make tons—and I mean fucktons—of gold. Edgin and Holga travel around Faerun (again, very scenic, very nice) and gather a team to help them along the way, including their old friend, Simon the Sorcerer (Justice Smith), who doesn't really believe in himself very much, and Doric (Sophia Lillis), a Tiefling Druid who hates humans because of a deep personal betrayal. They also get helped out by the immortal? -ish? Paladin Xenk (Regé-Jean Page) who has a mysterious tie to the Red Sorcerers. Amid daring schemes, exciting fights, and flashbacks (like, a lot of flashbacks), Directors Jonathan Goldstein and John Francis Daley have pulled together a solid film. The comedy is a little rushed, but the jokes all land, the characters mostly come together as charming iterations of classic D&D classes, and there's not a poor performance out of the group. Hugh Grant might be the only person you could argue isn't pulling his weight, but he's not given much to do except ooze skeezey rizz and lie, so I'll forgive him. Even the evil sorcerer, Sofina (Daisy Head), feels dynamic and convincingly nefarious, even if her motivations are just "destroy the city on behalf of my overlords," which... fine, plenty of films disregard a villain's motivations in favor of the hero, but it does herald the deeply predictable ending of the film. The plot clips along, everything else keeps up, the sets are pretty, utilizing a kind of charmingly common medieval fantasy visual everyone can recognize, and the use of both very good practical effects and seamless VFX ties the whole package up in a pretty bow. It's an easy watch, funny when it needs to be, emotionally compromising when it can, and full of gags and the smallest (so, so small) of nods towards D&D lore. Which is probably for the best! D&D lore is notoriously deep and sometimes contradictory, so referencing it in passing, or just allowing background moments to imply a depth keeps the film lightweight and allows people to enjoy the very fun fight scenes

and the absolute beauty of Page when he shows up for a glorious 30 minutes in Honor Among Thieves.
